BRIEF SUMMARY

As a fourth-year B.Tech student with a strong passion for software development, I have honed my skills in programming languages such as C++, Java, and SQL, along with a deep understanding of Data Structures and Algorithms. Additionally, I possess proficiency in front-end web technologies including HTML, CSS, and JavaScript. My versatility extends to data analysis, where I excel in tools like MS-Excel and Power BI. With a commitment to continuous learning and problem-solving, I am eager to contribute my expertise to dynamic software development projects.

EDUCATION

•**Maharaja Surajmal Institute of Technology, New Delhi** — *2020-2024*
 BTech, IT — CGPA: 9.23

•**Euro International School, Kanina** — *2018-2019*
 Class 12, Haryana — Percentage: 80

•**Euro International School, Kanina** — *2017*
 Class 10, Haryana — CGPA: 10

TECHNICAL SKILLS AND INTERESTS

SQL: 5 Stars HackerRank
Data Structures and Algorithm: Solved 400+ Questions
MS-Excel- Created 2 Interactive Dashboards
Power BI- Created 3 Interactive Dashboards
Languages: Cpp, Java, Python(Learning)
Core Subjects: OOPs, DBMS, CN, OS

PERSONAL PROJECTS

•**MS Excel - Dashboard** — *Aug, 2023*
 Dashboard creation using MS-Excel

 – Developed multiple dynamic Analysis Dashboards in Excel. Transformed raw sales data into interactive charts, graphs, and pivot tables. Integrated data from various sources for real-time updates. Empowered stakeholders with actionable insights, optimizing sales strategies. Proficient in data manipulation and visualization.

•**Power BI - Dashboard** — *July, 2023*
 Dashboard creation using Power BI

 – Crafted multiple interactive Analysis Dashboards in Power BI. Merged and transformed diverse sales data sources, enabling real time updates. Utilized dynamic visuals, including forecasting models, to illustrate sales trends and insights. Empowered stakeholders with actionable data for strategic decision-making.

•**Front-End Web Development** — *Oct, 2022*
 Created Multiple Small Projects which includes Personal Portfolio, E-Commerce Website and a mini Snake Game.

 – Experienced in HTML, CSS, and JavaScript, with a focus on building captivating and user-friendly web interfaces. Adept at translating design concepts into seamless, responsive, and visually appealing websites. Passionate about the dynamic synergy of design and functionality.

PROJECT LEADERSHIP AND MANAGEMENT EXPERIENCE

I had the privilege of leading a team of three individuals in the successful development of a minor project, including the preparation of its comprehensive report and presentation. In this capacity, I undertook responsibilities ranging from project planning and task delegation to conflict resolution. This experience served as a valuable platform for honing my skills in project management, fostering teamwork, and enhancing problem-solving abilities.

PROFESSIONAL DEVELOPMENT

•**Certifications:** C++, DSA, Web Development

•**Power BI Workshop:** Attended a Workshop on Power BI organised by Jobaaj Learnings.

•**Excel Using AI Workshop:** Attended a Workshop on Excel Using AI organised by Office Master.
